

FLOODPLAIN DEVELOPMENT PERMIT REQUIREMENTS:

Always check with the DeKalb County Development Department before attempting to develop or alter your property in any way. All development in the floodplain, not just building construction, requires a building permit. Illegal development without proper planning can have a negative effect on the floodplain and other parts of the County infrastructure. For more information on development permits and to report illegal development, call the DeKalb County Development Department at (404) 371-2117.
